POLICY AND IMPLEMENTATION

The Department of Administrative Services (DAS) currently has contracts with vendors to provide EPP “**Green Seal Certified**” cleaning products as well as disinfectants, disinfecting cleaners, sanitizers and antimicrobial products sanitizers. The following steps should be taken when procuring EPP “**Green Seal Certified**” cleaning products as well as disinfectants, disinfecting cleaners, sanitizers and antimicrobial products sanitizers:

1. Items should be purchased for their intended use.
2. Follow all manufacturers’ instructions when using these products. Consult the DAS contracted vendors of EPP cleaning products for information and training on the use of these products. Training is highly recommended when using new EPP products. Although all products that are certified by Green Seal have met Green Seal’s environmental standards, not all products are necessarily safe to use in all office environments due to individual sensitivities. Careful review of product Material Safety Data Sheets, usage recommendations, and manufacturer’s usage instructions prior to purchase is always recommended.
3. EPP products shall be ordered following standard purchasing procedure for items available on state contract. The Contract Specialist for this commodity is Tony DeLuca. He may be contacted by phone at (860) 713-5070 or by e-mail at tony.deluca@ct.gov with any questions concerning these products.
